

HOLIDAY HOMEWORK
CLASS VIII SOCIAL SCIENCE 2020-2021

Project Work on **climate, flora and fauna and people of Sikkim.**

Sikkim is rich in cultural heritage and houses a multitude of different flora and fauna. Collect information about the climatic conditions and natural vegetation of Sikkim.

Also research about the inhabitants and their lives. The project must include information about communities, their occupations and belief systems.

Use A4 size sheets and draw/paste colourful pictures to make your project interesting.
