1. Next class we will have Activity in Mathematics Practical File .
2. Keep your Geometry box (having pencil, colours, scale, pen) and colours with you .
4. Solution from Ex- 2.4 to 2.7 are also given .
5. Copy down the Working of Division of Decimals in your in your note book and practice the given questions in similar way. (as discussed in class)

DIVISION OF DECIMALS BY WHOLE NUMBERS

```
            23.64
        ┌─────────
    18  │ 425.52
        │  36
        │  ─────
        │  65
        │  54
        │  ───── ↓
        │  115
        │ -108
        │  ─────
        │   72
        │   72
        │  ─────
        │    X
```

1. 99.23 ÷ 2   9. 2348.9 ÷ 3   10. 100 .88 ÷ 14

2. 9876.45 ÷ 33

3. 4451.7 ÷23

4. 1041.3 ÷11

5. 1480.6 ÷ 6

6. 2913.5 ÷ 5

7. 450.07 ÷ 34

8. 345.6 ÷ 12
