

*In our head, we hear a humming,
Summer, summer, summers are coming
Soon we're all going on a vacation
Gearing up with wonderful sensations.*

With summer vacation round the corner, let's prepare ourselves not just to relax and rejuvenate but also to utilize the time in creative and constructive ways. It is the time of the year again when we can do things which we are unable to do during the regular routine days.

- **Read books! May it be fables, fairy tales, encyclopedia or comic books.**
- **Reflect on what has been done and what can be done and we are not talking about books only...**
- **Recall your best memories and try to infuse positivity during these testing times.**
- **Remember what P.B Shelly said -**

Here is a document on a Tri fold Brochure .

A tri fold brochure is a great way to organize a lot of information onto a single sheet of paper.

How to make a Tri fold Brochure?

Step 1. Folding Your Brochure

Get an 8 ½ by 11 in (22 by 28 cm) sheet of paper. Heavier paper, such as cardstock will look nicer, but you can use other types of paper too.

Step 2. Place the paper on a flat surface and orient it landscape style.

The short edges should be on the left and right sides of the paper. One of the long edges should be facing you.

Step 3. Divide the paper into thirds using a pencil and ruler.

Place a ruler along the top edge of the paper. Make 2 marks along the top edge of the paper. The first mark should be $\frac{1}{3}$ of the way across the ruler, and the second mark should be $\frac{2}{3}$ of the way across.

Step 4. Fold the right side of the paper to the middle using the pencil mark as a guide.

Slowly fold the right side of the paper $\frac{1}{3}$ of the way, using your pencil mark as a guide. Make sure that the top and bottom edges of the top layer of paper match up with the bottom layer of the paper. Sharpen the crease by running your fingernail across it. If you made both marks at exactly the $\frac{1}{3}$ and $\frac{2}{3}$ points, then the edge should align with the first mark that you made.

If you made the second mark closer to the right side of the paper, then the edge of the paper won't quite reach the first mark that you made.

Step 5. Repeat the process for the left side of the paper.

Bring the left side of the paper just past the middle, using the pencil mark as a guide. Make sure that the edge aligns with the folded edge on the right side of the paper. Flatten the crease, then sharpen it with your fingernail.

Step 6. Flatten and crease the side edges once more, then erase the pencil marks. Run your fingernail up and down along the left and right folded edges of your paper. Unfold your brochure and erase the pencil marks you made earlier.

Now that you are well equipped with the technique of drafting a Brochure, you need to put your creative ideas on an A4 size sheet as per the instructions below:

- Read the chapter 'Glimpses of India' from your textbook (First Flight).
- Notice the factual details and expressions of scenic beauty.
- Research on Sikkim.
- Pick any two significant tourist destinations of the state of Sikkim.
- **Design a Brochure** incorporating details about those two destinations to promote tourism in the state of Sikkim.
- You may use quotes, slogans, illustrations and rhyming couplets.
- You may paint /color the brochure.
- The brochure should reflect your art, creativity, novel ideas and research work on Sikkim.

Also,

- Revise all content covered and update your registers.
- Complete the chapters covered from the Main Reader in your Workbook as well.

Have fun, enjoy your holidays and stay safe.
