

CONVENT OF JESUS AND MARY, NEW DELHI

Dear Parents,

Welcome to another module for KG.

Let's start with morning prayer followed by the song.

Prayer Time-

Let us first join our hands, close our eyes and say the prayer.

Dear God,

We thank you for the night and for the pleasant morning light,

For rest and food and loving care,

For all that makes the world so fare.

Help us do the things we should to be kind and good.

Please be with and protect all the doctors and nurses in the world.

Fill our hearts with love and compassion.

Be with all the people who are sick and needy.

Let them heal fast and come back to their families.

I love you god and promise to do good for all.

Amen.

Please say this prayer every day before starting the day's work.

Now let's listen to the song, sing along, do actions..dance have fun.

English Phonetic Sounds Practice

This week we will learn the sound of alphabet I, J, K & L. For this Follow the same activity of making your own reading cards as we did last week. But only the alphabets will differ as we will be learning the sounds of I, J, K & L .

I am sharing the link again for your convenience.

Keep changing the sequence of the alphabet as you don't want them to memorize the sequence it has to be conscientious learning of sounds.

PARENTS ARE REQUESTED TO TAKE THIS ACTIVITY ON A REGULAR BASIS.

Please keep the reading cards as they will be used once the school re-opens.

<https://pin.it/shG1fHp>

Please refer to the following video for the correct phonetic sounds

<https://youtu.be/-ksblMiliA8>

English Writing:

Today we will start writing capital A to Z. Do the writing in the R note book. Please see the picture and do as shown. Write only 3 alphabets in each line. You will practice writing and do the same 4 times.

Mathematics:

Let see the work sheet. You need to say out loud each number, follow the arrows and trace the numbers.

You can do this on the screen itself or make on paper if you wish.

This is to enable the children to recognize number symbols.

Second Part: Now place one object on number 1, Two objects on number 2 and henceforth. This helps the child to understand the quantity. You can take anything - bindi, beads, rajma etc.

For example On number 1 place one rajma, on 2 place two rajmas..

E.V.S:

Today we will learn about People who help make our lives easier.

As it is very difficult to do everything by ourselves, we need help from others to teach us and to help us with different things.

Please see the video and explain.

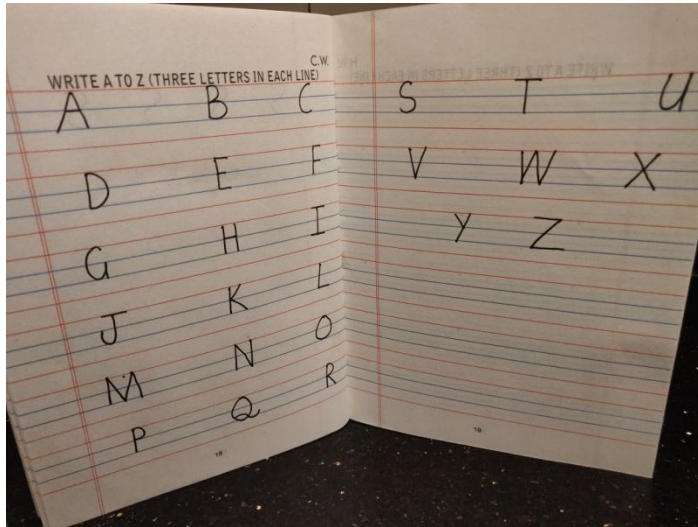

https://youtu.be/ilTTJm0Fe_g

Activity:

On a plain Paper stick the pictures of your favorite helper and learn 5 lines on him/ her. What they do?, how do they work?, Do they have a special uniform? What would you like to become when you grow up? How do you help, do you have helping hands? Can you name 5 people who help us?

You can make it a fun experience and dress up like your favorite helper and act like them.
Don't forget to take video of your performance.

ENGLISH WRITING

Have fun
Lots of love
