GURUDONGMAR		
CHOLAMU		
LAMPOKARI		
SAMITI		

(i) _____ is the highest freshwater lake in the world.

(J) ART INEGRATION IN MATH

ETERNAL KNOT SYMBOL

The eternal knot is one of the eight auspicious symbols in Tibetan Buddhism.

The eternal knot sometimes called the endless knot or the glorious knot is called palbeu in Tibetan. In Sanskrit it is called shrivasta. The endless knot symbolises the endless wisdom and compassion of the Buddha.

Draw the endless knot. Look up YouTube for guidance.
